Dear Spencer:

I am writing to find out if you want to go to camp with us this year. We are leaving for camp April 3rd, and are going to train in Daytona Beach Fla.

I will of course write you again just when and where to meet us, but I want to find out if you have any other plans for the coming season.

When you answer, tell me what is your status with the graft board. Do you expect to be called this season? Is your number high on the list. I will appreciate hearing from you right away.

Very Truly Yours
